Dear Mr Culligan,

Planning Applications in the Moor Pool Conservation Area

I understand that decisions are to be made by the Planning Committee at their meeting next week on applications S/00873/08/FUL, S/00872/08/FUL, S/00874/08/FUL, S/00869/08/CAC and S/00870/08/CAC which pertain to new development in the Moor Pool Conservation Area.

I write to enclose copies of the comments made online by the Society for your reference as well as to ensure that these are included in the report, and are thus fully considered by the Committee.

As expressed in these comments, I would emphasise that the Society is very concerned that approval of these current proposals will have a negative impact on the special character of the Moor Pool Conservation Area, the erosion of which should continue to be protected against by the City Council, as it has been since the designation of conservation area status in 1970.

I trust this is helpful. If you wish to discuss this matter with me please do not hesitate to contact me.

Yours sincerely,

Tim Bridges,
